VOLUME 45

A

ABSTRACTS	PAGE
Australia antigen in Zaire. Studies in leprosy. M. LECHAT, L. MELARTIN PREHN, B. S. BLUMBERG and R. MORIS	85
Some epidemiological data on leprosy collected in a mass survey in Burma. L. M. BECHELLI ET AL.	85
Epidemiology of (poly) neuritic type of leprosy. S. K. NOORDEEN	86
The differential diagnosis of <i>Mycobacterium leprae</i> based on its behaviour <i>in vitro</i> in human macrophages. J. P. DELVILLE	86
The mineral content of inguinal nodes in barefoot people with and without elephantiasis of the legs. E. W. PRICE and L. R. PITWELL	86
Comment reconnaître la lèpre en Suisse. (How to recognize leprosy in Switzerland.) S. G. BROWNE	87
Behind the bamboo curtain. J. GEIGER	87
A trial with mixed BCG/smallpox vaccine given intradermally. J. P. VAUGHAN, J. P. MENU, K. J. LINDQUIST, K. J. and A. A. VENNEMA	87
Stimulating effect of pyruvate on the growth of <i>Mycobacterium leprae</i> in cell-free, semisynthetic, soft agar medium. MUROHASHI TOYOHKO and YOSHII A KONOSUKE	87
Third International Colloquium on the mycobacteria — “The Genus <i>Mycobacterium</i> ”.	88
Application of Nyka's method for the staining of mycobacteria in lepromatous skin sections. A. M. MOHYSEN and W. ALEMAYEHU	88
Acute adenopathy in a young man. L. S. GOTTLIEB and M. T. SOUTHGATE	88
Nephrotic syndrome complicating lepromatous leprosy. K. RAMANUJAM, G. RAMU, S. BALAKRISHNAN and K. V. DESIKAN	89
Dapsone-resistant leprosy. P. S. FRIEDMANN	89
Isoniazid acetylator phenotyping of Amharas in Ethiopia. S. L. RUSSELL and D. W. RUSSELL	90

Prevalence of leprosy in Gudiyatham Taluk, South India. P. S. S. ROA, A. B. A. KARAT, V. G. KALIAPERUMAL and S. KARAT	90
Relatório sobre a Hanseníase no Alto Juruá (Estado do Acre). (Leprosy in the Upper Juruá, Acre State, Brazil.)	90
Renal manifestations of leprosy: glomerulonephritis, a complication of <i>erythema nodosum leprosum</i> . D. J. DRUTZ and R. A. GUTMAN	91
Ocular manifestations of leprosy. P. B. JOSHI, A. H. SHAH, P. K. AGASHE, R. G. BAFNA and P. V. JOSHI	91
Dapsone toxicity. K. C. VERMA, K. SINGH and S. D. CHOWDHARY	91
Attempts to establish the armadillo (<i>Dasypus novemcinctus</i> Linn.) as a model for the study of leprosy. II. Histopathologic and bacteriologic post-mortem findings in lepromatoid leprosy in the armadillo. W. F. KIRCHHIEMER, E. E. STORRS and C. H. BINFORD	91
Attualità sulla lebbra: aspetti epidemiologici e preventivi. (The present position of leprosy: epidemiological and preventive aspects.) M. DIMARTINO, G. GUALDI and F. MARRACINO	92
Attempts to cultivate and determine the maximum period of viability of <i>Mycobacterium leprae</i> in tissue culture. A. H. FIELDSTEEL and A. H. MCINTOSH	92
Immune response to <i>Mycobacterium leprae</i> in indeterminate leprosy patients. B. MYRVANG, T. GODAL, C. M. FEEK, D. S. RIDLEY and D. R. SAMUEL	93
Lepra en el Ecuador. (Leprosy in Ecuador.) W. O. LOAIZA	93
Clinical recognition of leprosy: some factors leading to delays in diagnosis. S. POWELL and C. McDougall	191
Comparison of the modes of spread and the incidence of tuberculosis and leprosy. R. J. W. REES and T. W. MEADE	191
The prevalence of leprosy at the coast of Kenya. A. HARTMAN	191
Behavior of <i>Mycobacterium leprae</i> in human macrophages <i>in vitro</i> . D. R. SAMUEL, T. GODAL, B. MYRVANG and Y. K. SONG	192
Immunological problems in leprosy research: 1 and 2. W.H.O.	192
Immune response to <i>Myco. leprae</i> of healthy leprosy contacts. T. GODAL, M. LOFGREN and K. NEGASSI	192
HL-A antigens and susceptibility to diseases. II. Leprosy. E. THORSBY, T. GODAL and B. MYRVANG	193
The peroneal and tibial nerves in lepromatous leprosy. Clinical and electro-physiologic observations. T. R. SWIFT, E. R. HACKETT, D. E. SHIPLEY and K. M. MINER	193
The effect of neonatal thymectomy on <i>Mycobacterium leprae</i>	

infection in mice. D. W. P. SU, H. Y. YANG and O. K. SKINSNES	193
Proposed method for estimating leprosy prevalence based on rates in children. L. M. BECHELLI <i>ET AL.</i>	194
Leprosy control in Pakistan. Z. FAZELBHOY	194
A rapid identification test for <i>Mycobacterium leprae</i> . K. PRABHAKARAN	194
Ultrastructure of lepromatous nerves. Neural pathogenesis in leprosy. D. K. DASTUR, Y. RAMAMOHAN and J. S. SHAH	194
Significance of serologic abnormalities in lepromatous leprosy. A. N. MALAVIYA, A. PASRICHA, J. S. PASRICHA and J. S. MEHTA	195
A propos d'un cas de lèpre tuberculoïde nodulaire chez un adulte africain porteur de scarifications rituelles. (Report of a case of modular tuberculoid leprosy localized, in an adult African male, on ritual scarifications.) M. NEBOUT	195
The leprosy eradication project of Malta. A. AGIUS-FERRANTE, G. DEPASQUALE, E. BONNICI, C. PARIS and W. GRIMA	279
Leprosy in Iran. E. KOHOUT, T. HUSHANGI and B. AZADEH	279
Some epidemiological data on leprosy collected in a mass survey in Burma. L. M. BECHELLI <i>ET AL.</i>	279
BCG vaccination of children against leprosy: seven-year findings of the controlled WHO trial in Burma. L. M. BECHELLI <i>ET AL.</i>	280
<i>In vitro</i> behaviour of blood derived macrophages against killed <i>Myco. leprae</i> . R. C. B. PISANI, B. BEIGUELMAN and D. V. A. OPROMOLLA	280
Attempts to convert lepromatous into tuberculoid-type leprosy with blood lymphocyte extracts from sensitized donors. C. SILVA, A. O. LIMA, L. M. C. ANDRADE and O. MATTOS	281
T and B lymphocytes in patients with lepromatous leprosy. N. F. MENDES, S. KOPERSZTYCH and M. G. S. MOTA	281
The pathogenesis of the early skin lesion in leprosy. D. S. RIDLEY	281
A skin biopsy study of lepromatous leprosy. D. S. RIDLEY	282
Leprosy in the nine-banded armadillo. E. E. STORRS	282
Complement profile in leprosy. B. PETCHLAI, R. CHUTANONDH, S. PRASONGSOM, S. HIRANRAS and T. RAMASOOTA	282
La lutte contre la lèpre en République Centrafricaine. (Leprosy control in the Central African Republic.) M. HENNEQUIN	283
Leprosy among school children in Greater Bombay — results of surveys. R. GANAPATI, S. S. NAIK, A. B. SANE and A. C. PARIKH	283
Age at onset of leprosy in relation to type of leprosy, site of first lesion and occupation — observations based on records of	

patients in Naini Hospital, Allahabad. A. KUMAR, A.	284
INDRARAN, J. J. ISSAC and S. C. GUPTA	284
All India Leprosy Workers' Silver Jubilee Conference. T. F. DAVEY	240
ANDERSEN, JOHN G., Indications and contraindications for reconstructive surgery: guidelines for field staff	185
ANTIA, N. H., <i>see</i> PANDYA, N. J.	145
Armadillo as an experimental model for the study of human leprosy, The. ELEANOR E. STORRS	8
. Armadillos in England, Plans for a colony of, R. J. W. REES	330
