

## **“PARTNERS”—A NEW MAGAZINE FOR PARAMEDICAL WORKERS IN LEPROSY**

The Leprosy Mission is to be congratulated on producing a journal specially designed for paramedical workers in leprosy, and aiming to give up to date information on the scientific and technical aspects of their work while providing a forum for the sharing of experience. Written in a style which should have wide appeal, this Journal, which is under the editorial direction of Dr Browne, can do nothing but good, and we wish it every success. It is intended to publish *Partners* every 6 months, and copies are available gratis from The Leprosy Mission, 50 Portland Place, London W.1, England.

### **PERSONAL**

Dr Stanley Browne, CMG, OBE, has been elected a Fellow of King's College, London. The Fellowship is the highest honour in the gift of the College. Dr Browne was a student at the College from 1927 to 1930.

At a recent meeting of the Council of the Royal Society of Tropical Medicine and Hygiene, Dr Browne was elected as President-elect. He will assume the office of President of the Society for a period of 2 years from June 1977.

Dr W. Felton Ross, late Director of the All Africa Leprosy and Rehabilitation Training Centre (ALERT) at Addis Ababa, Ethiopia, has been appointed Medical Director of American Leprosy Missions. During his 11 years as Director of Training, ALERT has become one of the largest and most forward looking leprosy training institutions in the world. We offer him our most cordial good wishes as he takes up his new appointment.
