

## CONTENTS

### SPECIAL ARTICLE

- R. N. MSHANA. Hypothesis: Erythema Nodosum Leprosum is Precipitated by an Imbalance of T-lymphocytes . . . . . 1

- EDITORIAL NOTE: Dr H. W. Wheate, O.B.E., joins the Editorial Board of *Leprosy Review* . . . . . 8

### ORIGINAL ARTICLES

- J. WARNDORFF, J. BOURLAND and S. R. PATTYN. Follow-up on Short Course Two Months Rifampicin Treatment of Paucibacillary Leprosy . . . . . 9
- D. S. RIDLEY. The Pathogenesis and Classification of Polar Tuberculoid Leprosy . . . . . 19
- E. VAN PRAAG and S. A. MWANKEMWA. A Prevalence Survey on Leprosy and the Possible Role of Village Ten-Cell Leaders in Control in Muheza District, Tanzania . . . . . 27
- K. SAHA, V. SHARMA and M. A. SIDDIQUI. Decreased Cellular and Humoral Anti-Infective Factors in the Breast Secretions of Lactating Mothers with Lepromatous Leprosy . . . . . 35
- D. K. DASTUR, G. L. PORWAL, J. S. SHAH and C. R. REVANKAR. Immunological Implications of Necrotic, Cellular and Vascular Changes in Leprous Neuritis: Light and Electron Microscopy . . . . . 45

### DOMICILIARY AND FIELD WORK

- The Transport of Histopathological Specimens by Air Mail. R. L. Jones and J. M. Ponnighaus . . . . . 67

### REPORTS, NEWS AND NOTES . . . . . 69

- International Leprosy Congress, New Delhi, India, November 1983  
*Chinese Medical Journal*: Achievements in Leprosy Treatment  
PAHO: Leprosy Among Children in Trinidad and Tobago  
Molokai: *National Geographic Magazine*, August 1981  
Symposium on Leprosy, Madras City, June 1981  
International Symposium on *Mycobacterium leprae* and Atypical Mycobacteria  
Japanese Nihon Kensho-Kai Foundation Award 1981 to W. F. Kirchheimer  
Schieffelin Leprosy Research and Training Centre, Karigiri, South India

### LETTERS TO THE EDITOR

- S. CHEHL, M. J. MORALES and R. C. HASTINGS. Intracerebral *Mycobacterium leprae* do not Enhance Subsequent Footpad Infections in Mice . . . . . 74
- G. STONER. Reply to S. Chehl, M. J. Morales and R. C. Hastings . . . . . 75

### BOOK REVIEWS . . . . . 77

### ABSTRACTS . . . . . 79
