## HYPOTHESIS

- Possible idiotypic suppression of cell-mediated immunity in lepromatous leprosy. J. FERLUGA, V. COLIZZI, A. FERRANTE, M. J. COLSTON and E. J. HOLBOROW . . . . . 221

## ORIGINAL ARTICLES

- A survey of the eye complications of leprosy in South Korea. P. COURTRIGHT, R. GREEN, R. PILARSKI and J. SMUCNY . . . . . 229
- The American Peace Corps Survey of the ocular complications of leprosy in South Korea: an evaluation and appraisal. T. J. FFYTCHÉ . . . . . 239
- A follow-up investigation of the Malta-Project. W. H. JOPLING, MARIAN J. RIDLEY, E. BONNICI and G. DEPASQUALE . . . . . 247
- Leprosy treatment in Nepal with multidrug regimens. MAUREEN C. BIRCH . . . . . 255
- Multidrug treatment of leprosy—practical application in Nepal. N. M. SAMUEL, SUSIE SAMUEL, N. NAKAMI and R. MURMU . . . . . 265
- A further investigation of skin-test responsiveness and suppression in leprosy patients and healthy school children in Nepal. ALISON MORTON, PAMELA NYE, G. A. W. ROOK, N. SAMUEL and J. L. STANFORD . . . . . 273
- Hepatotoxicity of combined therapy with rifampicin and daily prothionamide for leprosy. JI BAOHONG, CHEN JIAKUN, WANG CHENMIN and XIA GUANG . . . . . 283
- Different mode of circulating immune complexes and anti-ssDNA antibodies in sera of lepromatous leprosy and systemic lupus erythematosus. FUKUMI FURUKAWA, HARUYOSHI YOSHIDA, KENICHI SEKITA, MOTOAKI OZAKI, SADA O IMAMURA and YOSHIHIRO HAMASHIMA . . . . . 291
- Normal numbers of T<sub>6</sub> positive epidermal Langerhans cells across the leprosy spectrum. R. B. NARAYANAN, L. K. BHUTANI, A. K. SHARMA and INDIRA NATH . . . . . 301

## DOMICILIARY AND FIELD WORK . . . . . 309

- The dosage of anti-leprosy drugs for children  
*Catalogue of Education Material*, VHA1 India, 1983  
*Maintaining motorcycles; a fieldworker's manual*. World Neighbours, USA  
 Ethiopia, *Manual for multiple drug therapy*, 1983  
 OXFAM—LEPRA: A mini-pack of teaching materials on leprosy  
 S. G. Browne honoured by Order of St Lazarus of Jerusalem

## REPORTS, NEWS AND NOTES . . . . . 311

- LEPRA: Sixth Clayton Memorial Lecture, 'Leprosy and the Eye', 1984—*Leprosy* by S. G. Browne—*Leprosy in India* becomes *Indian Journal of Leprosy*—Sasakawa Memorial Health Foundation, Japan, further publications—Evaluation of training programmes for primary health care—*Excerpta Medica* becomes *Mycobacteria Diseases; Leprosy, Tuberculosis and Related Subjects*—Courses and training in pathology in the UK—'Lamprene' (clofazimine, B663) on leprosy, CIBA—GEIGY, 1984—WHO; *Weekly Epidemiological Record*, Tuberculosis and leprosy—WEMOS—NOVIB—Graves Medical Audiovisual Library Catalogue, 1983—BWINO from Zambia, Leprosy Control—University of Dundee, Centre for Medical Education—*Learn about leprosy*, Leprosy Mission International—*The Journal of Audiovisual Media in Medicine*—International Training in Health, University of North Carolina, USA—Bureau for Overseas Medical Service, London—Heiser Program for Research in Leprosy, 1985—LEPRA prize essay competitions for medical students—XVth General Assembly of ILEP, June 1984—National Workshop on Laboratory Techniques for Leprosy Control, Shanghai—*Medical Laboratory Manual for Tropical Countries*, Vol. 2

## LETTERS TO THE EDITOR

- Experiences with a phenazine dye, B628, in the treatment of leprosy in China. LI FUTIAN . . . . . 315
- Reply to 'Is the lepromin test reliable in children?' M. G. CORCOS . . . . . 316
- Dapsone compliance using isoniazid-marked formulation. H. HUIKESHOVEN . . . . . 316
- Reply to 'Dapsone compliance using isoniazid-marked formulation'. J. N. A. STANLEY, J. M. H. PEARSON and G. A. ELLARD . . . . . 317
- The use of colchicine in the management of Type 2 lepra reaction (erythema nodosum leprosum). J. N. A. STANLEY, K. U. KIRAN and J. M. H. PEARSON . . . . . 317
- Trachoma prevalence in leprosy and non-leprosy population of Bichena District, Gojjam Administration Region, Ethiopia. TADELE TEDLA . . . . . 319
