After multidrug therapy (MDT): Who is responsible for continuing care? JANE NEVILLE 1

Change of Editorship 3

Original Articles

Characteristics of the multiplication of dapson-resistant strains of *Mycobacterium leprae* in mice; THELEP 5

Superdelayed parturition in armadillos: a new mammalian survival strategy. ELEANOR E. STORRS, H. P. BURCHFIELD and R. J. W. REES 11

Ultrastructure of human foetal Schwann cells in tissue culture infected with *Mycobacterium leprae*: N. M. SAMUEL, C. L. CRAWFORD and J. M. GRANGE 17

Further observations on the breeding and rearing of BALB/C nude (nu-nu) mice under normal laboratory conditions. S. RUNGRUANG 25

Inhibition of mononuclear leukocyte transformation *in vitro* by dehydrophenazines in comparison to clofazimine. BIRGIT M. ZEIS, R. ANDERSON and J. F. O'SULLIVAN 31

Evaluation of inexpensive blocking agents for ELISA in the detection of antibody in leprosy: J. T. DOUGLAS, Q. X. WU, G. P. AGUSTIN and M. G. MADARANG 37

Association of IgG and IgM antibodies to phenolic glycolipid-1 antigen of *Mycobacterium leprae* with disease parameters in multibacillary leprosy patients. N. F. LYONS, E. J. SHANNON, B. P. B. ELLIS and B. NAAFS 45

Are hypersensitivity reactions to dapson becoming more frequent? W. C. S. SMITH 53

Care of plantar ulcerations: comparing applications, materials and noncasting. MARIAN KAPLAN and R. H. GELBER 59

Cataract extraction in leprosy patients. V. A. RAO and V. K. KAWATRA 67

A borderline leprosy lesion on the palate: a case report. B. MISHRA, A. GIRDHAR, S. HUSAIN, G. N. MALAVIYA and B. K. GIRDHAR 71

Special Article

Immunopathology of leprosy granulomas: current status: a review. R. B. NARAYANAN 75

Obituary

Carine Weterman 83

Letters to the Editor

Blister calendar packs for the treatment of patients in leprosy control programmes with multiple drug therapy. C. R. REVANKAR and BIRTE H. SØRENSEN 84

Spillage of mycobacteria in the laboratory: decontaminating procedures. S. K. KAR 84

ECHO for leprosy. J. TOWNSEND 85

Possible mode of entry to the body of *Mycobacterium leprae*. M. MACHIN 87

Leprosy Control and Field Work

Charts for Multiple Drug Therapy (MDT) in Paucibacillary and Multibacillary leprosy • WHO: Disability Prevention and Rehabilitation in Leprosy, 1987 • Leprosy Control in the People's Republic of China • Drug Distribution for MDT; Stocks at Various Levels of the Health Service • The Use of Essential Drugs; Technical Report Services, WHO

Teaching Materials and Services

Dermatology in Basic Health Services • University of Dundee, Centre for Medical Education • Leprosy Relief Organization, Munich • Teaching and Learning Materials on Leprosy for India, TLMI
Essential Drugs Monitor; WHO • *Journal of Compliance Health Care*, USA • English Language Book Society (ELBS) Catalogue • OXFAM-LEPRA, Oxford, UK. a Mini-pack of Teaching Materials on Leprosy • International Disability Education and Awareness

News and Notes

Retirement of Francis Harris, Director of Lepra • New Director, Neil Winship • Editorial Note on and Material for 'Leprosy Control and Field Work', 'Teaching Materials and Services', and 'News and Notes'.
